## Brief report of the program

There are several lectures delivered by the faculty members of the department. Mostly, faculty members used to tell in the classroom; however, on 10th of November, 2021, Dr. Saheen Shehnaz Begum delivered a lecture on how to prepare for competitive examinations, mainly JAM, TUEE and DUET. The students are found curious about getting a position in higher institute. She also added the way to learning and use of learning materials to achieve success in such competitive examinations. A glimpse of her presentation is given below.

## Rationality of the program

Career counselling program can help students develop a plan for achieving career goals. It can assist them in setting realistic goals, identifying potential roadblocks and developing strategies to overcome them.
