### Exploring Culture and Language of Mising Community

## About the Field Visit

A field study for the students was undertaken by the department of English to Dhemaji on 21st December 2021 to teach the student about the skills required to learn new language, culture through communicating in a field visit. The students were accompanied and guided by a few faculty members of the department. During the field tour, the students carried out a study of a mising village in Dhemaji. The students interviewed the village women and collected information on their traditional weaving skills, language, culture, food habits etc.
