

Department of Geography Report on Student Seminar

Overview of the program

Name of the Seminar/conference/workshop: Student Seminar

Venue: Auditorium, Gargaon College

Date: 17.06.2022

Organized by: Gargaon College Geographical Forum, Gargaon College

Nature of Activity: Seminar, Soft skill

Name of Resource Person: Faculty members of Dept. of Geography, Gargaon College

Number of Participants: 97

Brief report of the program

Department of Geography at Gargaon College has been actively organizing seminars for students to provide them with a platform to showcase their research, enhance their presentation skills, and foster intellectual discussions. These seminars serve as valuable opportunities for students of the 2nd, 4th, and 6th semesters to engage in scholarly discourse and contribute to the field of geography. The topics related to their respective syllabus are shared among the students of 2nd, 4th and 6th to prepare power point presentation and share and discuss outcome of their respective theme/ topic. The seminar presentation becomes also a part of an internal assessment evaluated jointly by the faculties of department of Geography, Gargaon College.

Rationality of the program

Attending/participating a seminar has numerous benefits, including improving communication skills, gaining expert knowledge, networking with others and renewing motivation and confidence.

Ensuring a proper flow of knowledge; seminars and workshops assist in passionate interaction and active participation boosting the skills and expertise of students. Importance of seminars and workshops for students is often accredited as a prime concern. Keeping in mind the importance of seminars for students and the benefits of workshops for students, seminars and workshops are an innovative and welcomed step towards modern education. The mentioned points depict the importance of seminars and workshops for students in higher education: proficiency in verbal communication, acquirement of knowledge in a specific field, encouragement and Motivation, provides a learning environment different and unique from classrooms where students learn more effectively and efficiently, etc.
