Workshops on Intellectual Property Rights (IPR) 2022-23

CHEMISTRY & STATISTICS DEPARTMENT

Overview of the program

Name of the Workshop: Intellectual Property Day: Celebrating Creativity & Innovation

Date: 26th April, 2023

Organized by: Department of Statistics & Chemistry in Association with IQAC, Gargaon College

Resource person: Siddharth Devnath, IP Professional & Expert, Patent Design Trademark & Copyright Service, Guwahati

Related to: Intellectual Property Right

Number of Participants: 85

Objective of the Program: To raise awareness on patents, copyright, trademarks and designs impact on daily life

Brief report of the program

To mark the occasion of World Intellectual Property Day, a webinar was organized by Department of Statistics and Department of Chemistry, in collaboration with IQAC, Gargaon College on 26th April 2023, with the theme of the talk "Innovation, Creativity, Intellectual Property" presented by eminent Intellectual Property professional and expert Mr. Siddhartha Devnath from Patent Design Trademark and Copyright Services, Guwahati.

The webinar was inaugurated by renowned academician Dr. Sabyasachi Mahanta, Principal, Gargaon College. In his inaugural speech, Dr. Mahanta emphasized on the relevance of Intellectual property rights of the creators and innovators and its impact on safeguarding the creations and to encourage the creation of intellectual goods. He also welcomed all the attendees and appreciated the endeavour of the Departments of Statistics and Chemistry, Gargaon college to mark the occasion.

The Head of the Department of Statistics and one of the convenors of the program, Dr. Ranjana Gogoi, introduced the National level resource person to the audience and elaborated on Mr. S. Devnath's expertise and experience in the field of IPR for patent, copyright, trademark, design and geographical indications and his contribution in raising awareness on the topic across the country.

The speaker Mr. Siddhartha Devnath initiated the deliberation with the importance of the day and then addressed numerous aspects of IP. He particularly focussed on how a simple invention can bring about a change in society and thus be classified as innovation.

Brief report (continued)

He emphasised on how imagination builds creativity with various examples such as the “Fisher Space Pen” a pen designed to write in absence of gravity (unlike ball point pen). He also explained the innovations of several women innovators of Assam, in keeping with the theme of World IP day 2023 “Women and IP: Accelerating Innovation and Creativity”. The session was followed by several interesting discussion and follow-up queries of the participants.

The programme was coordinated by Dr. Ranjana Gogoi, Head, Department of Statistics, and Dr. Anna Gogoi, Head, Department of Chemistry. The Gargaon college teachers and staff fraternity, students as well as alumni of the college participated in the webinar. The vote of thanks was offered by Dr. Saheen S. Begum, Assistant Professor, Department of Chemistry.

Rationality

World Intellectual Property Day is observed annually on April 26th to raise awareness of how patents, copyright, trademarks and designs impact on daily life and to celebrate creativity, and the contribution made by creators and innovators to the development of economies and societies across the globe.

Overview of the program

Name of the Workshop: NEP 2020 and NRF: A Significant Step Entrepreneurship & Self Reliant India Intellectual Property Rights (Basic & Advanced)

Date: 6th to 8th April, 2023

Organized by: Department of Commerce in Collaboration with IQAC, Gargaon College

Resource person: Dr. Pranjal Kr. Phukan, Professor of Practice at Woxsen University, Hyderabad

Related to: IPR & Entrepreneurship

Number of Participants: 99

Objective of the Program:

Brief report of the program

The Department of Commerce, Gargaon College, in collaboration with IQAC of the College conducted a Three-Day Online seminar series from 6th to 8th April, 2023 on NEP 2020 and NRF, Entrepreneurship and Self-reliant India, and IPR basics and advanced. The seminar aimed to highlight the significance of these topics and educate learners, including advanced and slow learners. Dr. Pranjal Kr. Phukan, Professor of Practice at Woxsen University, Hyderabad, led the seminar as the resource person.

Day one of the online seminar focused on the topic " NEP 2020 and NRF: A Significant step". Dr. Meghali Bora, Associate Professor and HOD, Department of Commerce, welcomed the participants and highlighted the importance of the seminar. Dr. Sabyasachi Mahanta, Principal of Gargaon College, delivered the inaugural address, emphasizing the significance of NEP 2020 and National Research Foundation (NRF) in various shades. Dr. Mahanta highlighted the need for a paradigm shift in the Indian education system to align with the global standards. He also emphasized the importance of multidisciplinary approach and vocational training which the NEP 2020 aims to address. He further stated that the NRF must provide a platform for young researchers to showcase their talents and enable them to contribute significantly to the nation's research output. Dr. Pranjal Kr. Phukan spoke about the importance of NEP 2020 and NRF.

Entrepreneurship and Self-reliant was the topic for the second day. Dr. Pranjal Kr. Phukan in his deliberation highlighted the importance of entrepreneurship in achieving self-sustainability. He provided insights into various aspects of entrepreneurship, such as ideation, funding, and marketing.

Report (continued)

On the final day of the seminar while highlighting on the topic "IPR Basic and Advanced". Dr. Phukan spoke about the role of intellectual property rights (IPR) in protecting innovations. He discussed the basic and advanced aspects of IPR and how it can be utilized to secure business ideas.

The programme coordinators of the three-day online series were Dr. Mrinal Ghosh, Mr. Anil Tanti, Dr. Mintu Gogoi, and Miss Sandeepa Agarwala. The coordinators worked together to ensure that the seminar was open to all and addressed the needs and requirements of both advanced learners and slow learners. The seminar was a significant success, with participants benefiting from the knowledge shared by Dr. Pranjal Kr. Phukan. The programme ended with a vote of thanks offered by Dr. Meghali Bora, Associate Professor and HOD, Department of Commerce, Gargaon College.

Rationality

Entrepreneurship plays a crucial role in fostering self-reliance; it is important to note that entrepreneurship involves various mathematical aspects such as financial planning, risk assessment and market analysis. Entrepreneurs often use mathematical models and data analysis to make informed decisions which can contribute to the economic growth and self-reliance of a nation like India.
