Rationality of the Programme:

Department of Statistics organized motivational lectures to the students to stretch themselves and realize their full potential in the subject.

About the Programme:

Department of Statistics regularly organized motivational talks on different topics for the slow learners. As part of this programme, Dr. Kuki Kalpita Mahanta Assistant Professor of the Department of Statistics Dibrugarh University delivered a motivational lecture on the topic Importance of the Subject Statistics for College Students on 13.06.2023. In her deliberation, Dr Mahanta highlighted the importance of the subject of Statistics in our daily lives, the application of Statistics in different fields and the future prospects of the subject of Statistics with the documentary presentation. The programme was hosted by Dr. Bornali Dutta, Assistant Professor of Statistics, Gargaon College.
