International Day of Happiness

Date: March 20, 2023

Organized By

Department of Economics

&

Department of Mathematics

In Collaboration With

IQAC, Gargaon College

OVERVIEW

Happiness is a fundamental human goal. The United Nations General Assembly recognizes this goal and calls for “a more inclusive, equitable, and balanced approach to economic growth that promotes the happiness and well-being of all peoples.”

The General Assembly of the United Nations in its resolution 66/281 of 12 July 2012 proclaimed 20 March the International Day of Happiness, recognizing the relevance of happiness and well-being as universal goals and aspirations in the lives of human beings around the world and the importance of their recognition in public policy objectives.

Since 2013, the United Nations has celebrated the International Day of Happiness as a way to recognize the importance of happiness in the lives of people around the world. Different people have different ways of experiencing happiness. Unfortunately, emotions like anger, sadness, anxiety, stress, etc. are increasingly becoming a default way to be for a lot of us, so here’s a day to cheer up and appreciate the good things and silver linings in life.

The Department of Economics and Department of Mathematics in Collaboration with IQAC, Gargaon College organized a programme to Watch the Oscar-winning Indian Documentary:

“The Elephant Whisperers”

The Elephant Whisperers is a documentary that celebrates the little silver linings in life that we often fail to recognize. The Elephant Whisperers is a 2022 Tamil-language Indian short Academy award-winning documentary film directed by documentary filmmaker Kartiki Gonsalves in her directorial debut. The documentary is about the bond that develops between a couple and an orphaned baby elephant, Raghu, who was entrusted to their care. Produced by Sikhya Entertainment, the film had its world premiere on 9 November 2022 at the Doc NYC Film Festival, a film festival for documentaries in the United States.
