THE PROGRAMMES FOR
ADVANCED AND SLOW LEARNERS**

Session: 2022-23

**DEPARTMENT OF EDUCATION
GARGAON COLLEGE
SIMALUGURI-785686**

Overview

The Gargaon College offers Graduation, Post-Graduation and Certificate programmes to the students from the rural as well as urban backgrounds . Being a rural institution, the college caters to the needs of the students from the minority communities as well. As education is fundamental right, the institution practices significant strategies and scientific techniques to benefit both the advanced learners and slow learners in the college.

Advanced Learners are those students who are ahead on the learning curve and are identified based on the performance in class room, mid-sem exam and end-sem exam. They are more potential with their comprehension, retention, memory, critical thinking, creativity and contextualization practices. These students are in a great extend gifted and talented than the others in the class. These students can take up higher level learning and academic responsibilities. They can bring some new concepts, strategies, and also can take the leadership in the teaching learning activities. To meet the advanced technical know-how of advanced students following special activities are conducted –

- i. Individual academic counselling for carrier planning is done by concerned subject teacher
- ii. Doubt clearance session after classroom session
- iii. Guiding and encouraging to communicate research papers in conferences/Journals
- iv. Guiding the students for Competitive Examinations.
- v. Ensuring regular participation of students in workshops, conference at renowned institutions of the state .

Slow learners are those who find it difficult to understand the lessons and may have difficulties in their comprehension, retention, reproduction and integration. They lag behind with the academic life. They may fail in exams or will score only poor grades. They may fail in articulations and critical reflections. Their motivation levels also may be poor and may find it difficult to adjust with the teaching learning process. The poor performance may not be a sign of the poor capacity or talent but may be due to inappropriate teaching methods, poor family situations, inadequate motivations and supports, unscientific learning practices or even the inability to converse in an unfamiliar language. These students need special attention and interventions to make their learning activity more enriching and effective. To meet the need of slow learners following special activities are conducted –

- i. They are provided with extra classes for improvement and achievement

- ii. The Department and individual teachers help the slow learners by giving proper guidance and support to them.
- iii. Organize remedial programmes for them.
- iv. Conduct extra classes for the difficult subjects in the curriculum.
- v. The students are given with training on communication skills, personality development, time management and motivational sessions.
- vi. Bilingual explanation and discussions are imparted to the slow learners after the class hours for better understanding.
- vii. Provision of simple and standard lecture notes/course materials
- viii. Getting the support of the advanced learners to the slow learners in making their learning process more participatory and interesting.

Process Input

To start identification of slow and advanced learners, the following inputs are needed:

- Overall result of previous examination
- Result of internal assessment
- Class observation of subject teach

ASSESSMENT OF THE LEVEL OF LEARNING

- The slow and Advanced learners would be identified for each subject separately by respective subject teacher for all programmes
- The process of identification would be conducted after declaration of preceding exam result, considering class performance in existing academic session and personal observations of subject teacher
- The following parameters and weightages thereon would be considered

SL.NO	PARAMETER	WEIGHTAGE IN PERCENTAGE
1	MARKS OBTAIN IN INTERNAL ASSESSMENT	50
2	ACADEMIC PERFORMANCE	25
3	OBSERVATION OF SUBJECT TEACHER	25

PARENT-TEACHER MEET

About the program/Details of the Program:

A Parent Teacher meeting was organised by department of education, Gargaon college on 30-6-2023 . Parent Teacher meeting is an integral part of education system. This is a meeting between teacher and parents to talk about students progress and development. Total 31 parents were participated in the meeting. We discussed about academic progress and growth based on classroom observation, testing data, assessments and assignments. We also discussed about students permanence in individual subjects, students discipline in classrooms and their attendance percentage. Parents were happy with the way that our department was conducting academically. Internal Assessment marks were discussed with the parents. Head of the Department Dr. Bidyananda Borkakoty discussed about the academic calender and also stressed that if parents and students had any difficulty , they can contact the faculty and the department anytime.
