**REPORT ON  
THE PROGRAMMES FOR  
ADVANCED AND SLOW LEARNERS**

**Session: 2022-23**

**DEPARTMENT OF GEOGRAPHY  
GARGAON COLLEGE  
SIMALUGURI-785686**

## **Overview**

The selection process for the slow and advanced learners in the Department of Geography is based on the Semester Grade Point Average (SGPA) of each semester, especially for major students. The criterion for distinguishing between slow and advanced learners is a benchmark SGPA of 7.0. Students who achieve an SGPA of 7.0 and above are categorized as advanced learners. On the other hand, those who fall below this benchmark will be automatically classified as slow learners.

## Parents-Teachers Meeting

The Department of Geography at Gargaon College carries out a parent-teacher meeting annually, incorporating parents, teachers, and students. The department also constituted a parent-teacher association(PTA) and committee with the positions of president, secretary, and members assigned for the smooth conduct of the annual meeting and the discussion and implementation of important activities of the department. The basic objective of parents' and teachers meetings is to understand the problems and prospects of the students in the department of geography and develop a subsequent action plan as a solution. Further, the meeting has a broad agenda for incorporating the required suggestions forwarded by parents for the academic development of students in geography. The department maintains a record register for the attendance of parents, teachers, and students at every meeting, with updated proceedings for required discussions and action plans. The list of meetings conducted by department of geography is given below.
