**REPORT ON
THE PROGRAMMES FOR
ADVANCED AND SLOW LEARNERS**

Session: 2022-23

**DEPARTMENT OF GEOLOGY
GARGAON COLLEGE
SIMALUGURI-785686**

Overview

Faculty deals with a variety of students in the classroom, some are highly bright and learn quickly, while others are relatively weak and learn slowly. Students of various types have varied learning attitudes and practices. The department of Geology classifies students into two groups such as slow learners and advanced learners. The Department has a mechanism in place that analyses the differential needs of the student immediately after admission in a variety of ways based on their learning needs and their performance in class test, sessional and end-semester examinations. Subsequently, they are assessed continuously through the examination results at various levels and stages, their performances in the extra - curricular and co - curricular activities throughout the programme. This approach ensures a nuanced and targeted educational strategy that caters to the diverse learning capabilities within the department, fostering a more inclusive and supportive academic environment.
