World Wildlife Day, 2022

(March 3, 2023)

Online Mode

Organized By

Department of Zoology, Botany

In collaboration with

IQAC

Gargaon College, Simaluguri,
Sivasagar

Overview of the Program

A National Webinar on “Partnership for Wildlife Conservation” was jointly organized by the Department of Zoology, Botany, and IQAC Gargaon College. on 3rd March, 2023 to celebrate “World Wildlife Day, 2023” The webinar held in online mode was inaugurated by the respected Principal of Gargaon College. In his inaugural speech, he spoke about the importance of wildlife and its conservation for our future generations. Dr. Rina Handique Vice Principal and Head of the Department, Zoology also spoke about the importance of celebrating World Wildlife Day and mentioned the threats and conservation of the endemic species of our ecosystem. The Keynote speaker for the program was Mr. Rubul Tanti, Project Officer, Elephant Research and Conservation, Division, Aaranyak. In his enlightening speech, he highlighted the Asian Elephant conservation and conflict status in Assam. He gave an informative insight into the population, social life, and conservation of Elephants as well as that of their habitats and migratory corridors. Asian elephants were once widespread in the forests of southern Assam and its adjoining areas. However, with the reduction and degradation of forest cover and quality, the habitat of the species and the population has gone down greatly. In his speech, he defined some measures that need to be taken up immediately for their conservation. He also mentioned sustainable measures like replacing electric fencing with solar fencing. In his speech, he defined that a major percentage of elephant habitats are in disturbed, unprotected, and fragmented areas. Elephants in such areas are most vulnerable. Therefore, important unprotected habitats need to be identified and elevated to protected areas.

He further mentioned that Aaranyak is associated with creating awareness for elephant conservation in schools and colleges. The program was attended by 100 participants which included students and faculty members.
