Name of the Mentor: Dr. Arandao Narzary

Eighteen students from 1st, 3rd and 5th students were allotted to me as mentees for the session 2021-22. The list of students were given below in the table. As a mentor I regularly talk, discuss problems with mentees. In most of the cases the discussion was informal and in maximum cases it was on call. The first formal meeting with mentees was organised on 25 th October, 2021 at the department.

As a mentor I observed that many students were from financially weak categories, they hesitate to discuss their problems, they do not concentrate in studies, they face problems in understanding in class. To overcome these problems I, as a mentor, regularly contact them and try to solve their difficulties. The followings were the steps taken by me as a mentor:

1. First discuss with the mentees.
2. Analysed the problems faced by students then found out their remedials.
3. Provides notes, books, reference books etc to help them in study.
4. Discuss topics in which they face problems in understanding
5. Try to keep in touch and have a good relationship with guardians.
6. Encourage them in their study.

Name of the Mentor: Mr. Rituraj Tahu

I was given the responsibility to mentor the following allotted students for the session 2022-2023. Among them 6 students were from 1st semester, 5 students from 3rd semester and 7 students from 5th semester. During the session various mentoring sessions had been organized. One mentoring session had been organized on 26.04.2023 with the 3rd semester students. During the session different issues related to their performance in the previous examination had been discussed. They were also suggested a few ideas about how to stay motivated and focused their attention towards positivity. Another session was organised on 26.06.2023 with 5th semester students. During the session they are specially suggested to prepare themselves for competitive examination.

The names of the mentees are as follows:

16	292	Pritom Phukon	8822059290	

Highpoints of the mentoring session:

1. It was observed that the performances of some of the mentees were below the average level. The mentoring sessions helped to identify the cause of the poor performance and the mentees were helped to overcome their learning difficulties after a few personal mentoring sessions.
2. 5th semester students had been encouraged to dream of quality research work for their final semester Project. Mentees are also advised to prepare for competitive examinations for higher studies.
3. They were directed to attend classes regularly which will help to keep their concept up to date.

4. Few mentees were not able to attend classes regularly due to family conditions. A couple of mentees mentioned feelings of depression and anxiety. Their condition has been taken seriously and further action taken in this regard.

2. Highpoints of mentoring sessions.

Mentoring sessions play a crucial role in academic and personal development of students. With a goal to foster a supportive and constructive relationship with them, here are some points that are focused on during these sessions:

- Provided guidance on effective study habits, time management and exam preparation techniques for their academic development.

- Encouraged them to reflect on their strengths, weaknesses and areas for improvement. Worked on enhancing essential skills such as communication, critical thinking and problem-solving.
- Helped them in exploring their research interests and guided them to network within their academic community and beyond.
- Aided in navigating internship and job applications, including resume writing and interview preparation, providing information about various industries, job markets and potential career paths.
- Discussed approaches for balancing academic commitments, extracurricular activities and personal life. Offered support and resources for managing stress and maintaining mental well-being.
- Provided positive feedback on academic performance and other areas of development. Inspired them to reflect on their skills, learning and growth throughout their academic journey.

The ultimate goal was to empower students to make well-versed decisions, develop essential skills and prosper in both academic and professional environments.

For the 1st semester, a meeting with the mentees was organised on 13 June 2022. On the same day, at different time another meeting was organised with the 3rd semester students. With the 5th Semester students, a meeting was held on 16th June 2022. In those meetings, profile of the students was created and the basic information regarding the students were collected. Along with parent's name and number, the student's address, the height, weight, annual family income, special interest and hobbies of the students were also collected.

After the official meeting with all the mentees of a particular semester, individual talks were also carried out with the mentees. A few issues were raised by the mentees such as:

- a) Coping with anxiety in attending classes in a blended mode in the post covid scenario
- b) Concern about their future and worry of employment opportunities after completing the programme
- c) Few of them are willing sit for IIT-JAM and try their fortune in academics
- d) Fluency in English language and being bilingual without difficulties when situation demands.

The mentees were assured that the mentor is

- a) Ready to assist and support by all best possible means to enhance teaching learning experience.
- b) Assure to talk to them when required and allowing them not feeling isolated from the group.
- c) Provide counsel on mental wellbeing by assuring them support whenever required. Mentees are assured that department stood behind them under all challenging circumstances.
- d) Make them feel easy by assuring that the college and the department has been assiduously working for arranging placement avenues.
- e) Provide counsel on how to prepare for all upcoming examinations from CUET, TUEE, IIT-JAM etc.,
- f) Addressing the concern by suggesting some communication tips.

As a mentor, I was satisfied with the positive responses of the mentees and subsequent healthy outcome of the sessions. All the mentees are found enthusiastically taking part in all variety of academic related activities of the department.

Mentor-Mentee Meeting
Date: 20/10/23

A mentor-mentee meeting was organised for the first semester students to regulate their progress, to update on how they are maintaining studies since a couple of months have passed.

Biswasjit is shy and reserved but he shows active participation in discussion. It was conveyed to me that Biswasjit is good at kick-boxing and aspires to continue his passion. Harshikesh stays in a PG and accommodation has been a challenge for him. He shows interest in studies but is gifted with the guitar. Subhaskhi, on the other hand, lacks the grasp of basic concepts in chemistry, but she has been advised to focus on basic chemistry and convey any & every doubt that she may have.

Discussion with Mentees

Monash stated he stays in rented room so he has to cook for himself, thus he is unable to focus more on studies. Bobita stated she is in the process of preparation of notes. Arun stated he is finding inorganic part a little difficult. I have suggested to all of them to practice studying with shortcuts and learn by mnemonics. They were encouraged to study consistently and do smart work. They are also motivated to talk to their mentors frequently.
