Report on Mentorship Programme

Date: 10/05/2023

The mentorship program aims to create a strong bonding between teachers and students. As a mentor I take the responsibility to guide and develop my students both inside and outside the classroom. I mentor them for different challenges in life and help them overcome the stress and anxiety related to their personal and social life during their study periods. I also provide my support and guidance during their difficult circumstances..

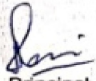

Activities: Activities conducted under the mentorship program during the session 2022-23.

- a) **Setting goals and expectations:** At the beginning of the program, I discuss the goals and aspirations of each of my mentees to ensure that I am able to understand them.
- b) **Sharing experiences and insights:** I periodically share my professional and personal experiences, life skills, insights, and accordingly advice them to succeed in their journey of life.
- c) **Exploring opportunities and resources:** Generally I guide and suggest to my mentees to explore different windows of opportunities and relevant resources related to their areas of interest. This helps them to make informed decisions and take the right steps towards fulfilling their dreams.
- d) **Engaging in learning activities:** Mentees approach me individually on personal problems, both academic and non-academic aspects. I provide them with the best possible solutions to help them overcome their difficulties and achieve their goals.

Report on Mentorship Programme

The mentorship programme at Gargaon College seeks to enhance the interaction between teachers and students as well as the personal growth of the learners. As a mentor, I regularly scheduled meetings with mentees to talk about their issues before attempting to point them in the right way.

Objective:

- To provide proper guidance and improve their personal development.
- To enhance the communication skills of mentees for professional development.
- To receiving higher compensation and more promotions as well as higher career satisfaction.

Challenges:

- Setting limits and boundaries for the mentor mentees relationship.
- Finding the right match between mentor and mentees.
- Poor communication.

Activities:

- Attend to a conference with one another. I often schedule meetings with mentees to talk about their doubts as a mentor.
- Sharing experiences and inspiring mentees to pursue personal growth. As a mentor, I attempted to inspire them by sharing my own experiences and showing them how to solve any problems.

Report on Mentorship Programme

Date: 10/05/2023

The mentorship program at Gargaon College is an initiative that aims to foster a strong relationship between teachers and students, enabling knowledge transfer, career development, and personal growth. As a teacher, I take the responsibility to guide and mentor my students both inside and outside the classroom, beyond the syllabus. I mentor them for different competitive exams and help them overcome the fear and anxiety that come across during their study periods. I also provide my support and guidance during their difficulties in achieving their goals.

Activities: Activities conducted under the mentorship program during the session 2022-23.

- a) **Setting goals and expectations:** At the beginning of the program, I discuss the goals and expectations of the program with my mentees to ensure that we are aligned and working towards the same objectives.
- b) **Sharing experiences and insights:** I share my professional and personal experiences, insights, and advice with my mentees to help them gain a better understanding of the society and the challenges they may face.
- c) **Exploring opportunities and resources:** I guide and suggest to my mentees to explore different career opportunities and relevant resources available in their areas of interest. This helps them to make informed decisions and take the right steps towards achieving their goals.
- d) **Engaging in learning activities:** Mentees approach me on a personal level to discuss their doubts on both academic and non-academic aspects, within and outside of the syllabus. I provide them with the necessary support and guidance to help them overcome their difficulties and achieve their goals.

12.	336	Rituraj Phukon	6000423982	
13.	351	Debashis gogoi	9395261727	

A Mentorship session has been done on 26/03/23 with 2nd and 4th semester students in the department of physics. In the first session student's basic data including the name and phone number of the parents, the student's address, the annual family income, and the students' hobbies and special interests were collected. After the formal session there have been several informal interaction sessions with students. Every session aims to learn about a variety of issues and challenges that the children are facing and also to provide guidance and support to develop their skills and navigate their career path.

MENTORSHIP REPORT

Name of Mentor: Dr. Bidyut Bikash Hazarika, Assistant Professor

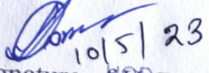

Odd Semester, 2022:

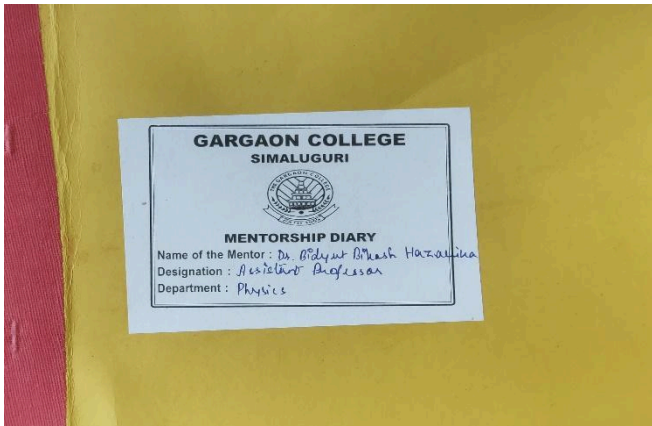

After the fresh mentees (1st semester) were assigned by the HoD, I had an introductory session with them. The course structure was discussed and relevant books and study materials were suggested. They were also asked to regularly visit the Departmental as well as Central Library. Last semester examination results were discussed with the 3rd and 5th semester students. I asked them, from time to time, to devote more time in their studies.

Even Semester, 2023:

At the very outset, I discussed with my mentees the previous semester examination results. I gave them a motivational talk on the importance of getting good marks in attaining any job, more so in the current job crisis facing the country. The students were encouraged to share with me any issues bothering them, academic or not.
