Title of the Program: Induction Program

Date: 01/08/2023

Organizer: Department of Mathematics

Objectives of the Programme:

The objectives of the Induction programme were to provide students with essential information about the college, its rules and regulations, as well as to provide information on course structure, course outcome, programme specific outcome, examination system etc. Further, the programme aimed to make the students adjust with the new environment by introducing themselves to each other and with the teachers.

About The Program:

A Students' Orientation program was organized on 1-08-2023 (Tuesday) in ICT Room of the Department of Mathematics. The program was inaugurated by Dr. Kabita Phukon, Head of the Department. In her inaugural address, she offered greetings to the newcomers and highlighted the rules and regulations of the college as well as spoke about the importance of the study of Mathematics.

Miss Sujata Goala, Assistant Professor, Department of Mathematics, apprised the students of the necessity of organizing Students' Orientation Program. She reflected upon the fact that active participation of students in such events is necessary and to get involved in the subject (mathematics) is essential to bring massive change in a student's academic performance.

All the Freshers introduced themselves one by one in front of the teachers and other students. Dr. Kabita Phukon discussed about the important points of the FYUGP and CBCS system including the course structure and exam pattern. She advised the students to abide by the rules and regulations of the college.

Dr. Sabyasachi Mahanta, the Principal of the college who was also present at the programme spoke a few words of wisdom and encouraged the students to develop determination and confidence in their career.

Mr. Harekrishna Mili, Assistant Professor of the department spelt out a few tips and encouraged the students to overcome their fears. He emphasized on the completion of their graduation on time. Miss Sujata Goala discussed a few ways to learn mathematics conceptually. She also discussed about the career options after completing B.Sc. in Mathematics. Mr. Ritwick Dowarah, Guest Lecturer of the department asked the students to actively participate in College week including any other extracurricular activity.

The vote of thanks was extended by Mr Harekrishna Mili, Assistant Professor, Department of Mathematics. He extended vote of thanks to the freshers for their presence in the meeting and to the faculty members for their valuable time, active participation, and suggestions.

Attendance of Participants:

Orientation Program (2023/2024) 1st Aug 2023
