Rationality of the Programme

Education is one of the significant factors instrumental to the development of a country. The global pandemic situation has not only affected the economic growth rather it has affected the educational sector too. In this background, given the present scenario of Indian higher education, there need a paradigm shift in the higher education system. The emerging Indian society need to make the system of higher education innovative and futuristic to face the changing demands of the modern Indian society.

Brief Description of the Programme

Inaugurating the National webinar on Future Education: Prospects and Challenges, Dr. Sabyasachi Mahanta, Principal of Gargaon College thrown light on the glorious history and achievement of the college since its inception. Dr. Mahanta also mentioned that as part of the Diamond Jubilee Celebration, the webinar has been organized on the eve of Foundation Day of the college. While talking about the prospects and challenges of education, Dr. Mahanta said that the implementation of the New Education Policy would definitely bring about a sea change in higher education system. He added that NEP will implement a uniform education policy in educational field.

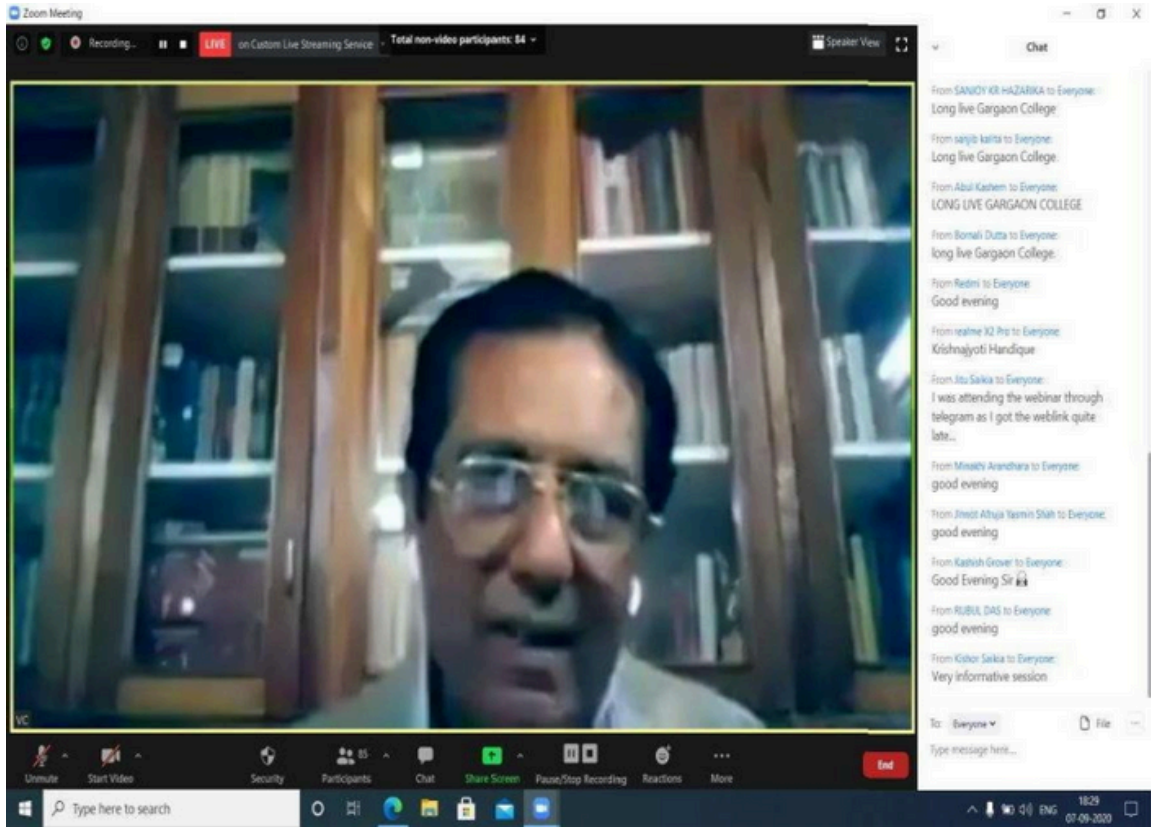

Throwing much light on the New Education Policy, The Speaker, Dr. Amarjyoti Chodhury said that education has four directions. Knowledge, To work, To live with society and to expand the possibilities of the students. NEP, he said, also redefined the role of the teachers. Dr. Choudhury commented that a society improve and develop through knowledge. If educational system fails to provide development to the society, it has no value at all. He stressed much on the research area. The NEP would transfer the education sector in the country and he opined that such a change will bridge the gap and equalize the educational system with the developed countries of the world.

The webinar was moderated by Dr, Surajit Saikia, IQAC Coordinator and Assistant Professor of the Department of Economics, Gargaon College. The Vote of thanks was offered by Dr. Pankaj Kumar Nath, Librarian, Gargaon College.
