### **Overview of the Programme**

A civil service job gives an ample opportunity to realize personal and professional goals. One can serve society on a much bigger platform through civil services. The Interaction program was organized to discuss the multi-dimensional approach and strategy to be adopted by civil service aspirants.

The webinar was inaugurated by Dr. Sabyasachi Mahanata, Principal of Gargaon College. In his inaugural speech, he mentioned how the institution has been trying to impart education through virtual platforms during the pandemic days. He stated that the webinar has been organized to help the students to choose their career and develop an interest in civil service. While speaking about the medium, he said that language cannot be a barrier to appearing in civil service examinations. He said that civil service offers an attractive and challenging career. The students should not confine themselves to traditional courses and should experience a career in Civil Service.

Speaking about his success, Mr. Diganata Barah shared his experiences and journey in the service. He said that a civil service aspirant requires a lot of hard work. He gave the participants insights into the importance of the civil service. A Civil Service career, being the hardest test is critical to plan altogether and to give the most extreme possibility of progress. Mr. Barah said that confidence building is very important in choosing a career in civil service. He also talked about the different strategies and techniques of appearing for the examination. He discussed about the syllabus and the selection of subjects for the civil service aspirants. The session was followed by the question answer round.
