Rationality of the Programme

During the period of lockdown of the country due to COVID-19 pandemic, use of e-resources became crucial in academics for the students and teachers as well. By keeping in view, the importance of e- resources during the period of lockdown of the country due to COVID-19, Department of Commerce organized the workshop for the greater interest of the teachers and students.

Brief Description of the Programme

Dr. Chimun Kr. Nath delivered an engaging and informative presentation on the preparation and use of e-resources. Using a detailed PowerPoint presentation, he walked us through various tools and techniques essential for creating and managing digital resources effectively. He also highlighted different sources of e-resources that can be particularly beneficial for students.

The event was well-attended, with around 400 students and 50 teachers participating. Dr. Nath's ability to connect theoretical knowledge with practical application was especially appreciated, as it provided both students and teachers with valuable insights and practical skills to enhance their educational experience through e-resources. The program was a great success, fostering a deeper understanding of how to effectively utilize digital resources in our academic pursuits.
