Rationality of the Programme

The Assamese language period has four stages, namely, Pre-ancient period, Medieval and Modern period. Language represents the culture and society of every people. Literature represents the social happenings as well as the social consciousness of the period.

Brief Description of the Programme

The Department of Assamese at Gargaon College organized a National Webinar on July 29, 2020. Dr. Arundhati Mahanta, Head of the Department of Assamese, warmly welcomed the resource person and participants to the event.

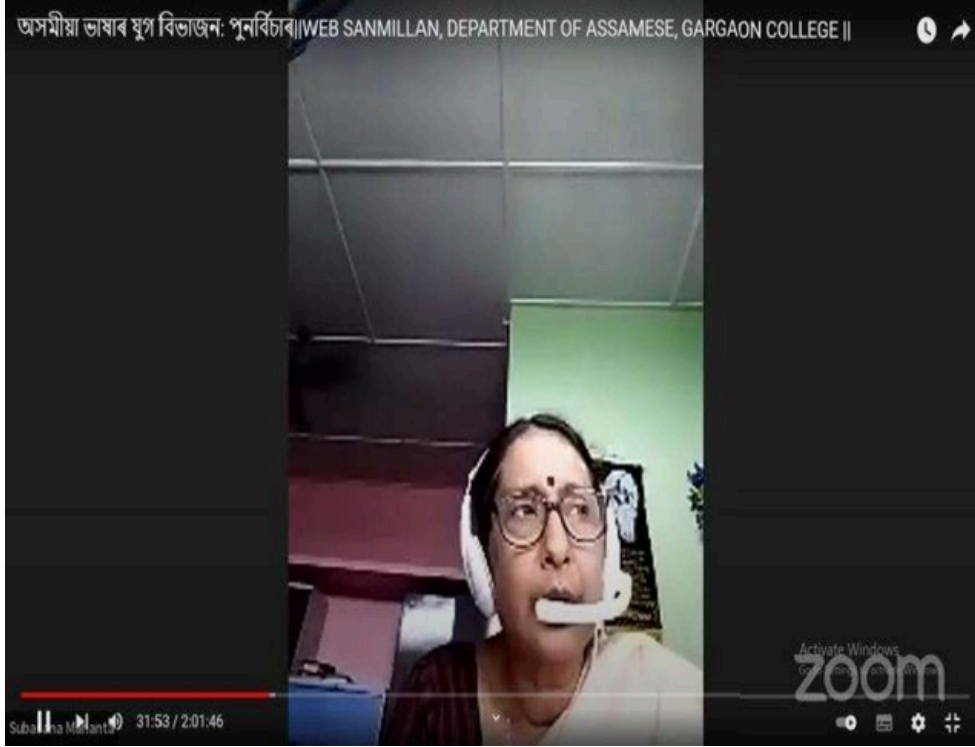

In her insightful speech, the resource person emphasized the deep interconnection between history and literature, particularly within the context of the Assamese language. She highlighted that each period of the Assamese language has distinct features and characteristics essential for students to understand. She further explained that every literary age reflects its unique characteristics in the writings of that period.

The webinar saw enthusiastic participation from around 300 students, who gained valuable insights into the historical and literary dimensions of the Assamese language. The event was a resounding success, fostering a deeper appreciation of the rich literary heritage of Assam.
