Construction of Foot Path

(Perspective plan for Infrastructure Development)

(2019-20 to 2023-24)

গড়গাঁও মহাবিদ্যালয়
GARGAON COLLEGE

Overview

Gargaon College proudly possesses an impeccably maintained footpath infrastructure, designed to serve both students and teachers alike. With its expansive campus, the establishment recognizes the necessity of well-constructed pathways. Thoughtful drainage systems are in place to ward off water accumulation and erosion, ensuring safe passage. Furthermore, the footpaths are distinctly marked, featuring directional signs to gracefully guide all who traverse them.
