CCTV SERVILANCE

CCTV Surveillance Inside The Campus At Gargaon College

Gargaon College prioritizes the well-being and protection of its campus community. To enhance this commitment, the college has strategically placed CCTV cameras throughout the campus. These cameras serve as vigilant guardians, overseeing the daily activities of everyone on the premises, deterring potential misconduct or criminal behavior. In the event of any disputes or grievances, the footage from these high-quality cameras, equipped with advanced zoom and pan capabilities, can be used as reliable evidence. Managed from a central server, the entire campus is under the watchful eye of these electronic sentinels.

A total of 72 CCTVs, with 2 TB digital video recorders, ensure comprehensive coverage. The distribution includes 29 cameras within the college buildings, 28 in the library, 4 in the boys' hostel, 8 in the girls' hostel, and 3 in the vicinity of the fisheries department, supplemented by two 500 GB digital video recorders. This robust surveillance system underscores Gargaon College's dedication to creating a secure academic environment.

The installation of CCTV cameras has enhanced the security and safety of the Gargaon College campus. The CCTV system will help to deter any potential offenders, and to ensure a peaceful and conducive environment for learning and teaching.
