The Academic Development Committee incorporating the Principal, Heads of Departments and all Faculty members of the college holds a meeting at the beginning of every session and discusses the various aspects of curriculum planning and implementation. At the commencement of the new academic session, the Induction Programme is held orienting students on the institutional regulations and the course curriculum. The departments, too, hold meetings to discuss the preparation of departmental routine, allotment of classes to teachers, course distribution etc. Accordingly, the departmental routines are prepared, the course is distributed and classes are allotted to teachers. The Academic Development Committee ensures that the departments follow the Academic Calendar and courses are completed by faculty members within the stipulated time. After due completion of the courses, the faculty members are handed the course completion certificates by the Head of the departments. Such a mechanism facilitates timely completion and proper revision of courses so that students are thoroughly versed in the subject and well-prepared for their examination as well.
