GARGAON COLLEGE

Bicycle Stand/ Two and Four wheeler shed

Gargaon College is a Bicycle friendly institute. The institution organizes programmes for promoting and providing more bikeable campus for students, staff and visitors. Bicycle stand and car parking facilities are essential component of a campus infrastructure that are designed to promote sustainable and healthy and eco-friendly mode of transportation for students and staff. These designated areas provide a convenient space to park their bicycles while attending classes or engaging in campus activities. College cycle stand facilities contribute to creating a more environmentally conscious and accessible campus environment, fostering a sense of community and well-being among students.

The college also provides students and teachers a spacious and separate place with all the adequate facilities to park their two and four wheelers.
